

Hello Tauranga! I'm excited to bring the new era of Mahindra to our vibrant community. With seven years in the vehicle industry and a lifelong passion for cars, I know quality and value when I see it.

For me, cars are more than just transportation – they're part of your lifestyle and personality.

They're where unforgettable memories are made and where life's adventures begin. Here, we begin our journey by introducing the Mahindra XUV700. This car is designed to make every drive luxurious and engaging.

With sleek, European-inspired style and ultra-modern functionality, the XUV700 is like a sanctuary on wheels. It lets you move through life effortlessly, focusing on the journey ahead rather than the vehicle itself.

Now, here's the best part: acting fast can secure you the best deal on this fantastic vehicle. As more people discover the XUV700, prices might rise – so don't miss out on this early opportunity.

At the recent Tauranga Home Show, the Mahindra XUV700 turned heads, standing out even next to big name brands. This excitement is just the beginning.

Later this year, Mahindra will launch an electric range designed and built to make Mahindra one of the leaders in EV tech, and a completely redesigned global ute within the next two years.

Mahindra vehicles, crafted with care in India, bring a touch of global excellence to our local roads. Just like your favourite Indian cuisine, these cars are made with passion and precision. Experience them once, and you'll be hooked.

But don't just take my word for it – come see the XUV700 for yourself. If we told you the price, you might expect less – so seeing is believing. Visit the new dealership in Tauranga to truly appreciate the value and style of Mahindra.

The team at ShorlandAutoCo and I can't wait to welcome you. Discover the ultimate driving experience today!
